

This is to certify that

Angelo Gabriel Pangalos

has been awarded the

Walter Smith Engineering Prize

The Walter Smith Prize was founded in 1919 by members of the Governing Bodies and the staff of King's College as a testimonial to Walter Smith, FKC, upon his retirement as Secretary of the College, a post which he had held since 1895. It is awarded to the student who has most distinguished himself/herself in the first year single honours examinations.

11 October 2004

at the

School of Physical Sciences & Engineering

King's College London

Professor Colin J Bushnell
Head of the School of Physical Sciences & Engineering
King's College London
