### Angelo Pangalos: Bringing joy to strangers.

#### Forward the Smile

Angelo has a wonderful project, to make strangers smile and feel joy, with the hope they too will bring smiles and joy to others.

He calls it "Forward the Smile." What is it and what compels him to do it?

#### (Story continues from "Read More")

Angelo, now 30, has had serious health issues and has been in and out of hospitals since he was just 5 years old.

Because of this, he found the way to lift his own spirits and those of others was to smile warmly and to entertain them with magic and music.

He calls it "Forward the Smile."

As you'll see, he entertains people with upbeat songs on his guitar and/or by performing magic.

Before starting "Forward the Smile," Angelo also suffered from a lack of self-confidence.

He would think, "You're not confident, you're not that great a magician or musician, you're not that talented, gifted â€" all that fear gave me that doubt of even doing what I wanted to do."

But then he finally mustered the courage to try it, and it turned out his fears were greatly out of proportion with reality.

Reality was that people didn't care if he wasn't the best musician or magician, they just wanted someone to be warm and friendly and take an interest in them.

Angelo found his purpose in life which as he put it is to, "Go out on the streets and embrace every single person."

"I always love people," he said, and now many of the people he encounters feel love for him and feel better about themselves.
